vodacom

A more digital approach to the way we do business

In today's ever-changing world, flexibility and a quick response to shifts in economy are more important than ever. Customers expect businesses to be responsive, proactive and swift in delivery. Employees, on the other hand, need the proper tools to keep in touch with customers whenever they require and wherever they are.

What is Cloud Marketplace?

Vodacom Cloud Marketplace is an online shopping platform that simplifies the journey that businesses take to find the applications they need to reach their digital, efficiency and collaboration goals. It offers a solution to find all the applications you need in one place where you can purchase licenses immediately and manage, cancel or renew them easily. Vodacom Cloud marketplace allows you to seamlessly purchase, add and remove collaboration and productivity software applications, such as Microsoft Office 365, Skype and OneDrive.

Why choose Vodacom Cloud Marketplace for your business?

- Immediacy – Vodacom Cloud Marketplace offers fast provisioning and purchase

- Self-management – Independently add, cancel or remove licenses and subscriptions

- Tailored solutions – Get the right applications, tailor-made to suit your business needs

- One bill – Get one bill from one service provider

- High scalability – Add licenses and/or subscriptions as your business grows

- Pay as you use – You only pay for the number of licenses your business needs

Our Vodacom Cloud Marketplace offerings

1. Collaboration applications

Businesses perform better when their employees combine effort and work in a collaborative manner to solve pressing business challenges in real-time, irrespective of whether they are in or out of the office. Vodacom Cloud Marketplace offers a suite of collaboration applications to increase the productivity and efficiency of your business by enabling your workforce to securely share and manage documents and attend meetings anywhere and anytime from any smart device.
