What is Business Internet LTE?

Vodacom Business Internet LTE is our plug-and-play LTE offering suitable for replacing copper based ADSL connectivity. This service uses the Mobile Radio Access Network (RAN) as the "last-mile" to access "fixed-line" data and voice services. It is suitable for a quick set up & getting you connected in no time with a walk-out-working option whereby you can buy the service from a Vodacom retail outlet and be up and running as soon as you get to the office. Choose from capped plans with Night Owl bundles (midnight to 5am) or BizDay bundles (8am - 5pm), Uncapped Plans with a fair usage policy, or SIM Only plans

What you get

- 25Mbps National average throughput
- Capped offerings (5GB – 500GB) or Uncapped (speed of 10Mbps - 30Mbps)
- Router and SIM ready to self install.
- Nomadic & Static - use at your office or take it off-site (i.e. Construction site)
- Dynamic or 1 static IP address
- Plug-and-play
- Basic VoIP capabilities
- No cable theft
